Examiner's Amendment

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

2. The application has been amended as follows:

~~20 RB~~
Claims 11-19 and 26-36 are being canceled to the Examiner's restriction requirement.

Allowable Subject Matter

3. Claim 21 is allowable over the prior of record.

4. The following is an examiner's statement of reasons for allowance:

The instant application is directed to non-anticipate improvement over the invention describe in "Using Netscape 3" by Brown, Mark. The improvement comprises a user of the computer with an integrated graphical interface to a plurality of computer resources. Each independent claim identifies the uniquely distinct features. The "third one of said regions" is an actual displayed part of the "program"'s application window," and not a separately invoke window. And the "program that displays the GUI is recited in a way that is interpreted in light of the specification to be different from "a browser application." This patentable distinction is included in independent claim 21.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
